

ADBOND AP30232-3
Insulation water based Adhesive**DESCRIPTION**

ADBOND AP30232-3 is a water-based adhesive that can be applied by spray or manually. It offers a fast grip as well as a strong membership. ADBOND AP30232-3 was developed for the bonding of flexible insulating materials on galvanized steel. It can also be used in packaging applications such as expanded polystyrene protective corners on the carton. ADBOND AP30232-3 has a good resistance to water, offers a flexible and durable link. It is almost odorless.

PHYSICAL PROPERTIES

Color	Beige
Viscosity	10,000-20,000 (cPs)
Specific gravity	1.1 (kg/L)
Solids	68-70 (%)
V.O.C.	16 g/L
Shelf life	6 month

APPLICATION

ADBOND AP30232-3 can be applied using compressible bottle, roller, pneumatic gun. For spray application, it must be made with a stainless steel piston pump with a ratio of 5: 1. The adhesive should be sprayed onto the porous substrate to maximize drying and adhesion development.

SUGGESTED USE

- Insulating fiberglass wool
- Packaging (EPS on carton)

STORAGE

6 months from date of production in the original unopened containers. Protect form freezing. Keep in a hermetic closed container to avoid any contamination.

PACKAGING

- 20 liters pail
- 200 liter drum

ADBOND AP30232-3
Insulation water based Adhesive**CLEANING**

Clean the adhesive before it dries with warm water. If the product is dry, use hot water and a scraper or a solvent such as mineral spirits. Pump cleaning must be done periodically with a solution of 4 parts of water and one part of solvent such as mineral spirits or toluene. Unusable adhesive and wash water is classified as industrial liquid waste and must not be sewerred or sent to municipal landfill without pretreatment. Clean adhesive equipment with high pressure water spray to minimize water usage. Review local disposal regulations to determine optimum method for effluent pretreatment.

CAUTION

Always consult sds before using the adhesive. For industrial use only. For more information, please contact your technical representative.

IMPORTANT**READ CAREFULLY**
