

INSULATING FOAM

The image shows a blue and silver ADFAST foam gun with a long nozzle, positioned diagonally across the frame. Below the gun, a row of seven ADFOAM product cans is visible. The cans are labeled with various product names and features, including 'ADFOAM PRO', 'ADFOAM POLI', 'ADFOAM FIRE', 'ADFOAM BOND', 'ADFOAM BOND PLUS', and 'ADFOAM CLEANER'. The background consists of wooden planks, suggesting a construction or renovation site.

Role :

- Air and water tightness
- Insulation
- Prevents insect infestation
- Adhesive
- Interior and exterior use
